Company History

Nash, Inc. is a privately held, family owned construction company with sales of \$40 million annually and has been active as a plumbing and HVAC contractor for over 37 continuous years throughout the southeastern United States and the Caribbean Islands. The company has created a reputation for being a “high-quality” and “on-time” contractor while maintaining its competitiveness in a low-bid environment. In addition, we have developed in-house expertise in negotiating and design-building certain types of projects. The company has state of the art in-house engineering, design, and drafting capabilities through our building information model (BIM) process.

Nash, Inc. was created in 1974 as George J. Nash, Inc. by its founder George Nash, offering plumbing services for small commercial and residential projects. Annual sales in 1974 were less than \$100,000. George worked himself and his oldest son with a one-truck operation. Over the years Nash, Inc. has grown from a one-truck and two-employee contractor to a firm that has 200 field employees and sales in 2010 that exceeded \$45,000,000. The company currently has \$40 million backlog including several Healthcare and Federal/Military related projects throughout the southeast.

Detailed within this resume are specific projects. In general, our list of current or recently completed projects include medical facilities, correctional facilities, hotels/hospitality, convention centers/entertainment facilities, educational facilities, manufacturing plants/warehouses, distribution centers, high-rise office buildings, and government projects.

Key Personnel

James C. Nash, CEO

James C. Nash (Cliff) has been in the plumbing and mechanical business since 1974 and holds active State of Florida Plumbing, LP Gas, and Pollutant Storage Tank Contracting Licenses. Cliff currently oversees all day-to-day operations of Nash, Inc., including Public Relations, Design and Design/Build Services, bid day proposals, job cost review, and all financial and investment matters. Before becoming CEO, Cliff served as President, Vice President, Superintendent, and Foreman. The projects he worked on included hotels, correctional facilities, hospitals, and industrial plants. Cliff is the son of George J. Nash, who was the founder and former CEO of Nash, Inc. George is now deceased. Cliff is the owner and retains 100% of the stock in Nash, Inc.

David J. Mears, President

Dave has been in the contracting business since 1974 and holds a Bachelor of Business degree from FAU and an active General Contractor's License from the State of Florida. He is currently in charge of managing all field operations. His duties include supervising all Project Managers, pay applications and direct contact with the general contractor's project management staff. He has been with our company since 1994 in this capacity in which he has managed projects with contract costs from \$200,000 to \$42M. His projects have been in the health care, education, hotel and corrections fields. Specific projects include: Munroe Regional Medical Center- Ocala, FL; Coleman Federal Prison- Coleman, FL; University of Florida Physics Building- Gainesville, FL; Federal Courthouse- Jacksonville, FL; Fort Jackson Drill Sergeant Barracks- Fort Jackson, SC; Fort Bliss Trainee Barracks- El Paso, TX; and recently completed Fort Benning SATOC and MATOC projects- Fort Benning, GA.

Monte Wilson, Vice President of Business Services

Monte worked as the Office Manager since being hired in 2001 until 2011 when he was promoted to the position of Vice President of Business Services. He received his Associates of Arts Degree from CFCC and his Bachelor of Science Degree from Florida State University. He has extensive experience in Purchasing and Contracting. Monte is in charge of the day to day management of all office staff.

John Gallico, Director Pre-Construction Services

John has worked in the plumbing industry since 1984 and with Nash, Inc. since 1996. He holds a Journeyman's License and is certified in Medical Gas piping in accordance to NFPA. John is currently certified in plumbing and mechanical Estimation. John's experience has consisted of job foreman, project superintendent, project management, and estimating. John presently handles the day-to-day operations of Nash, Inc. pre-construction services.

Jonathan W. Brokaw, Senior Project Manager

Jonathan has been in the plumbing and mechanical contracting business for over ten years. Jonathan has been with Nash, Inc. since 1993. Jonathan holds a Bachelors of Science in Business Administration and is a State of Florida Certified Mechanical Contractor. He is in charge of management of all central Florida projects for the company and his duties include the submittal process, material procurement, change orders, pay applications, budget analysis, overall project quality control, project close-out, and direct contact with the general contractor's management staff. Jonathan has managed the plumbing and mechanical work for projects such as convention centers, hospitals and healthcare facilities, high-rise offices and hotels, theme parks, and prisons with individual project costs ranging from \$250,000 to \$20,000,000.

Ryan Nash, Project Manager

Ryan, son of Cliff Nash, grew up in the business and worked on several projects while attending high school. Ryan received his Associates of Arts degree from Auburn University. In 2007 he graduated from the University of North Florida with a Bachelor of Science degree in Building Construction Management. Ryan has served as Assistant Project Manager on jobs at the Mayo Clinic, TPC Sawgrass, and SATOC at Fort Benning, GA. He is currently serving as Project Manager at the 3rd Army Headquarters Complex at the Shaw Air Force Base in Sumter, SC with a project cost of over \$13,000,000.

Greg Ellis, Project Manager

Greg has been in the plumbing and mechanical contracting business since 1997. Greg holds a Bachelors of Science in Business Administration and an Associate of Arts degree in Agriculture. He also holds Medical Gas Certification. Greg has extensive field experience as a plumber and after obtaining his degrees he was promoted to the position of Project Manager. His duties include the submittal process, material procurement, change orders, pay applications, budget analysis, overall project quality control, project close-out, and direct contact with the general contractor's management staff. Greg has served as Assistant Project Manager on Leesburg Regional Medical Center Expansion Phase II with project costs of \$1.7 million; as Assistant Project Manager on Orange County Convention Center Expansion Phase V with project costs totaling \$16 million; as Assistant Project Manager for Jacksonville Federal Courthouse with project costs totaling \$800,000; as Project Manager for Jacksonville International Airport with project costs of \$8 million; and most currently Project Manager at Jacksonville Mayo Clinic with project costs of \$9.0 million. Currently Greg is serving as Project Manager on the Fort Stewart 5th IBCT Barracks project with a contract price of over \$16 million.

Dale Lee, General Superintendent

Dale is in charge of all field projects for the company. His duties include direct supervision of all jobsite foremen/superintendents, scheduling of manpower, materials and job completion. He has been in the plumbing and mechanical field since 1974 as a mechanical foreman and superintendent on all types of jobs such as hospitals, nursing homes, correctional facilities, and distribution centers. He has been with the company since 1980.

David Worrell, Special Projects Manager

David's duties include the day to day onsite submittal process, material procurement, change orders, pay applications, budget analysis, overall project quality control, project close-out, and direct contact with the general contractor's management staff. David has served as Project Manager on: Leesburg Regional Medical Center Expansion, Phase II; Orange County Convention Center Expansion, Phase V and Phase III with Hunt Construction; Orlando Federal Courthouse; Florida Hospital Orlando New Bed Tower; and currently on the New Lake County Courthouse Expansion, Tavares, FL. He has been in the plumbing and mechanical field for over 30 years with experience in hospitals, correctional facilities, schools, high rise office buildings, and hotels. David has been with our company since 1985.

George M. Nash, Project Superintendent/Project Manager

George has been in the plumbing and mechanical business since 1970. He has worked as a project superintendent on jobs with a plumbing contract value of \$250,000 to \$20 million. During his career he has been involved with many projects such as waste treatment plants, distribution centers, chiller plants, convention centers, theme parks, hospitals, and hotels. George currently serves as Project Manager in charge of manpower, equipment, installations, and quality control on several projects on the Fort Benning military base.
