

## A JOINT VENTURE

Tuesday, May 10, 2011

Mr. Jonathan Brokaw  
Nash Inc.  
3494 N. Hwy 301  
P.O. Box 98  
Coleman, FL 33521

**RE: Malcom Randall VAMC  
Archer Western / DeMaria Joint Venture Company Project #208060  
VA Project #573CA2070 VA Contract #VA101(184B4)-C-0032**

To Whom It May Concern:

Nash Inc. proved to be a very cooperative, capable and effective partner in the construction of the new patient bed tower at the Malcom Randall VA Medical Center in Gainesville, Florida. We are currently wrapping up the project and will be preparing for the punchlist phase shortly.

The 245,000 SF patient bed tower consists of a 1<sup>st</sup> floor of exam and lab rooms, (60) typical patient rooms and support rooms on each of the 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> floors, a psychiatric ward on the 5<sup>th</sup> floor and a mechanical penthouse. Nash Inc. was awarded the plumbing portion of the project and was intricately involved in the MEP coordination through 3-D modeling. As with any project of this size, the Department of Veterans Affairs had to make some changes to their documents. With the professionalism and technical expertise of Nash's office and field staff, these changes were integrated into our project and schedule without affecting the construction progress.

As the General Contractor on this project, I would look forward to the opportunity to work with Nash Inc. again. The office and field staff assigned to this project showed a commitment to completing this project safely, on time and within budget.

If you have any further questions or comments, please call me at 352-264-3966.

Respectfully,  
Archer Western / DeMaria Joint Venture
